

In 2021, Saint Lucia made moderate advancement in efforts to eliminate the worst forms of child labor. The government approved the Counter-Trafficking Amendment Act, which includes provisions to protect victims of human trafficking regardless of their citizenship status. The government also increased its number of labor inspectors from four in 2020 to eight in 2021 and updated standard operating procedures for the identification, referral, and protection of victims of human trafficking. Although research is limited, there is evidence that children in Saint Lucia are subjected to the worst forms of child labor, including in commercial sexual exploitation, sometimes as a result of human trafficking, and in the sale and distribution of drugs. Saint Lucia's legal framework does not sufficiently prohibit the commercial sexual exploitation of children and the use of children in illicit activities. In addition, policies addressing all forms of child labor, including the commercial sexual exploitation of children, do not exist.

### I. PREVALENCE AND SECTORAL DISTRIBUTION OF CHILD LABOR

Although research is limited, there is evidence that children in Saint Lucia are subjected to the worst forms of child labor, including in commercial sexual exploitation, sometimes as a result of human trafficking, and in the sale and distribution of drugs. (1-4) Table 1 provides key indicators on children's work and education in Saint Lucia.

**Table 1. Statistics on Children's Work and Education**

Children	Age	Percent
Working (% and population)	5 to 14	7.5 (2,017)
Attending School (%)	5 to 14	99.7
Combining Work and School (%)	7 to 14	8.2
Primary Completion Rate (%)		100.4

Source for primary completion rate: Data from 2020, published by UNESCO Institute for Statistics, 2022. (5)

Source for all other data: International Labor Organization's analysis of statistics from Multiple Indicator Cluster Survey 4 (MICS 4), 2012. (6)

Based on a review of available information, Table 2 provides an overview of children's work by sector and activity.

**Table 2. Overview of Children's Work by Sector and Activity**

Sector/Industry	Activity
Services	Street vending, including selling food and handicrafts in markets (2)
Categorical Worst Forms of Child Labor‡	Commercial sexual exploitation, sometimes as a result of human trafficking (1-4)
	Use in illicit activities, including in the sale and distribution of drugs (1,3)

‡ Child labor understood as the worst forms of child labor per se under Article 3(a)–(c) of ILO C. 182.

Saint Lucia lacks detailed data on the extent of child labor in the country. A rapid assessment conducted by the ILO in 2016 revealed limited evidence that children are subjected to the worst forms of child labor, including in commercial sexual exploitation, sometimes in exchange for rides, clothing, or cell phones, by family members or caregivers in situations of financial need. (1,2,7) Additional sources also indicate that local and foreign children are subjected to human trafficking for the purpose of commercial sexual exploitation, including by parents and caregivers. (2,4,8)

All children in Saint Lucia are entitled to free public education. However, violence in schools, some gang related, might hinder some children from attending. (9) Children who do not attend school are vulnerable to engage in child labor.

## MODERATE ADVANCEMENT

### II. LEGAL FRAMEWORK FOR CHILD LABOR

Saint Lucia has ratified most key international conventions concerning child labor (Table 3).

**Table 3. Ratification of International Conventions on Child Labor**

	Convention	Ratification
	ILO C. 138, Minimum Age	
	ILO C. 182, Worst Forms of Child Labor	✓
	UN CRC	✓
	UN CRC Optional Protocol on Armed Conflict	✓
	UN CRC Optional Protocol on the Sale of Children, Child Prostitution and Child Pornography	✓
	Palermo Protocol on Trafficking in Persons	✓

The government has established laws and regulations related to child labor (Table 4). However, gaps exist in Saint Lucia's legal framework to adequately protect children from the worst forms of child labor, including the prohibition of commercial sexual exploitation of children and the use of children in illicit activities.

**Table 4. Laws and Regulations on Child Labor**

Standard	Meets International Standards	Age	Legislation
Minimum Age for Work	Yes	15	Article 122 of the Labor Code (10,11)

\* Country has no conscription (16)

† Country has no standing military (16)

During the reporting period, the government approved the Counter-Trafficking Amendment Act, which includes provisions for the protection and safety of victims of trafficking in persons regardless of their citizenship status. In addition, the government also began a comprehensive revision of the Labor Act in 2020 to specifically address certain issues related to the Labor Department's mandate. As of the publishing of this report, the revision remained under the review of the Attorney General. (17)

Saint Lucia has not determined by national law or regulation the types of hazardous work prohibited for children. (10) Although the Criminal Code prohibits the use of children in some illicit activities, such as street work, the use, procurement, or offering of children for the production and trafficking of drugs is not criminally prohibited. (14) Moreover, the use of children for commercial sexual exploitation is not criminally prohibited. (13,14)

### III. ENFORCEMENT OF LAWS ON CHILD LABOR

The government has established institutional mechanisms for the enforcement of laws and regulations on child labor (Table 5). However, gaps exist within the operations of enforcement agencies that may hinder adequate enforcement of their child labor laws.

**Table 5. Agencies Responsible for Child Labor Law Enforcement**

Organization/Agency	Role
Ministry of Infrastructure, Ports, Energy, and Labor	Enforces laws on child labor through labor inspections conducted by its Department of Labor. (17)
Royal Saint Lucia Police Force	Enforces criminal laws related to the worst forms of child labor. (8) Through its Vulnerable Persons Unit, in collaboration with the Division of Human Services, investigates cases of child labor, abuse, and neglect. The Vulnerable Persons Unit consists of 2 units of 12 officers each and leads in the enforcement of child labor laws. (8,7) Uses a specific manual to investigate crimes related to children. (8)
Ministry of Home Affairs, Justice, and National Security	Coordinates and leads anti-human trafficking efforts among various ministries. (18)
Department of Human Services and Family Affairs	Leads efforts related to childcare, protection, and adoption as mandated in the 2018 Child Care, Protection, and Adoption Bill. (9,19) Monitors and implements relevant legal framework related to cases of commercial sexual exploitation and trafficking in persons, including child victims. (20) Located within the Ministry of Equity, Social Justice and Empowerment. (9)

#### **Labor Law Enforcement**

In 2021, labor law enforcement agencies in Saint Lucia took actions to address child labor (Table 6). However, gaps exist within the operations of the Ministry of Infrastructure, Ports, Energy, and Labor that may hinder adequate labor law enforcement, including insufficient financial resource allocation.

**Table 6. Labor Law Enforcement Efforts Related to Child Labor**

Overview of Labor Law Enforcement	2020	2021

In 2021, the Government of Saint Lucia increased its number of labor inspectors from four in 2020 to eight.

# Saint Lucia

## MODERATE ADVANCEMENT

Although inspectors look for child labor and forced labor violations during all inspections, reports indicate that insufficient funding may hamper the labor inspectorate's capacity to enforce child labor laws in all relevant sectors, especially in communities in which children are vulnerable to commercial sexual exploitation. (8) In addition, existing penalties are insufficient to deter employers from committing child labor violations. (2,22)

### **Criminal Law Enforcement**

In 2021, criminal law enforcement agencies in Saint Lucia took actions to address child labor (Table 7). However, gaps exist within the operations of enforcement agencies that may hinder adequate criminal law enforcement, including insufficient allocation of financial and human resources.

**Table 7. Criminal Law Enforcement Efforts Related to Child Labor**

Overview of Criminal Law Enforcement	2020	2021
Initial Training for New Criminal Investigators	No (2)	Yes (21)
Training on New Laws Related to the Worst Forms of Child Labor	No (2)	N/A (21)
Refresher Courses Provided	No (2)	Yes (21)
Number of Investigations	30 (23)	Unknown (17)
Number of Violations Found	0 (2)	Unknown (17)
Number of Prosecutions Initiated	0 (2)	Unknown (17)

Imposed Penalties for Violations Related to the Worst Forms of Child Labor	Unknown (2)	Unknown (17)
Reciprocal Referral Mechanism Exists Between Criminal Authorities and Social Services	Yes (2)	Yes (17)

Although reports indicate that the Royal St. Lucia Police Force received new vehicles during the reporting period, which enabled them to respond more efficiently to violations, insufficient resources, including funding and equipment, may have continued to hamper police capacity to enforce child labor laws. (7,21) The judicial system within the Ministry of Home Affairs, Justice, and National Security has a backlog of cases, and lacks sufficient personnel and resources; however, during the reporting period, the government hired an additional judge and two prosecutors to address the backlog. (4,24)

The government did not publicly release comprehensive data on its criminal law enforcement efforts during the reporting period.

## **IV. COORDINATION OF GOVERNMENT EFFORTS ON CHILD LABOR**

The government has established mechanisms to coordinate its efforts to address child labor (Table 8). However, gaps exist that hinder the effective coordination of efforts to address child labor, including efficacy in accomplishing mandates.

**Table 8. Key Mechanisms to Coordinate Government Efforts on Child Labor**

Coordinating Body	Role & Description
Ministry of Education, Innovation, Gender Relations, and Sustainable Development	Coordinates investigations of potential child labor cases and ensures the use of established protocols in collaboration with the Royal Saint Lucia Police Force. (2,25) In October 2021, signed an MOU with the Ministries of Agriculture, Health and Education to improve St. Lucia's National School Feeding Program and school gardens. (26)
Trafficking in Persons Task Force	Coordinates the identification and referral of human trafficking cases among law enforcement, social services, and immigration officials, under the Counter-Trafficking Act. Includes public servants, representatives from the Department of Labor, police, and victim-service NGOs. (13,27) In June 2021, hosted an online meeting for the public sector to examine its response to child sex trafficking, particularly among those economically disadvantaged by the COVID-19 pandemic. In addition, issued press releases and public service announcements promoting human trafficking awareness. (21)
Office of Gender Relations	Provides referrals to human trafficking victims for health, advocacy, crisis, and legal services. (2) Research was unable to determine whether activities were undertaken by the Office of Gender Relations during the reporting period.

## V. GOVERNMENT POLICIES ON CHILD LABOR

The government has established policies related to child labor (Table 9). However, policy gaps exist that hinder efforts to address child labor, including no evidence of a policy addressing child labor and its worst forms.

**Table 9. Key Policies Related to Child Labor**

Policy	Description
National Social Protection Policy (2014–2024)	Established a social protection policy in Phase I (2014–2019) by consolidating the Social Safety Net programs. In Phase II (2019–2024), will implement wider reforms for creating a coherent social protection policy. (7) Child protection policies are incorporated into poverty reduction concepts and promote access to education. (28) Research was unable to determine whether activities were undertaken to implement the National Social Protection Policy during the reporting period.

During the reporting period, the government updated standard operating procedures for the identification, referral, and protection of victims of human trafficking. Updates aim to establish a national referral mechanism for appropriate assistance, ensure expeditious and effective law enforcement, including the conviction of offenders, and ensure the non-revictimization of victims from the time of identification to reintegration. (29)

Research found no evidence of any policies addressing child labor and its worst forms.

## VI. SOCIAL PROGRAMS TO ADDRESS CHILD LABOR

In 2021, the government funded and participated in programs that may contribute to eliminating or preventing child labor (Table 10). However, gaps exist in these social programs, including inadequate funding and the inadequacy of programs to address the full scope of the problem.

**Table 10. Key Social Programs to Address Child Labor**

Program	Description
Educational Programs	Programs focused on increasing school attendance and promoting access to education. Include the Saint Lucia Social Development Fund and Public Assistance Program, which fosters school attendance; the Community Empowerment's After School Program, which aims to improve academic performance and maintain school attendance of children ages 8 to 16; the Upton Garden Girls Center, which provides education, training, and self-development opportunities to teenage girls; the Center for Adolescent Renewal and Education, which provides second-chance education, training, and self-development services to adolescents; the Boys Training Center, which supports boys ages 10 to 18 who have come in contact with the law or require care and protection; and the Koudmen Sent Lisi program, which funds textbook rentals, a book bursary that reimburses students for textbooks, a school feeding program, and a transportation subsidy program at most secondary schools. (18) Active in 2021. (21)
Building the Capacity of the Government of Saint Lucia and Promoting Awareness of Counter-Trafficking†	\$105,000 government-funded, 2-year public awareness project to counter human trafficking; led by the Trafficking in Persons Task Force. Focuses on running radio and television announcements, printing posters and brochures, and maintaining a Facebook page to ensure a growing media and social media presence on human trafficking. (30) In 2019, the government assumed full financial support for this program from IOM. (30) Active in 2021. (21)

† Program is funded by the Government of Saint Lucia.

‡ The government had other social programs that may have included the goal of eliminating or preventing child labor. (31)

Research found no evidence of any programs with the specific goal of eliminating or preventing the worst forms of child labor, including in commercial sexual exploitation and illicit activities such as the sale and transportation of drugs. In addition, overall funding for social programs remains a concern because it does not meet the needs of all children in the country, especially children subjected to human trafficking and those engaged in illicit activities, and funding remains highly dependent on foreign assistance. (18,32)

## VII. SUGGESTED GOVERNMENT ACTIONS TO ELIMINATE CHILD LABOR

Based on the reporting above, suggested actions are identified that would advance the elimination of child labor in Saint Lucia (Table 11).
