

In 2019, Saint Lucia made a moderate advancement in efforts to eliminate the worst forms of child labor. The government launched a trafficking in persons hotline and the Ministry of Home Affairs, National Security, and Justice implemented a case management system for victims of human trafficking. In addition, the government assumed full financial responsibility for an International Organization for Migration program, which aims to counter human trafficking. A rapid assessment conducted by the International Labor Organization in 2016 revealed limited evidence that children in Saint Lucia engage in the worst forms of child labor, including in commercial sexual exploitation, sometimes as a result of human trafficking, and in the sale and distribution of drugs. Saint Lucia's law does not sufficiently protect children from hazardous work and illicit activities. The government also does not have any policies addressing all forms of child labor, including the commercial sexual exploitation of children.

I. PREVALENCE AND SECTORAL DISTRIBUTION OF CHILD LABOR

Although research is limited, there is evidence that children in Saint Lucia engage in the worst forms of child labor, including in commercial sexual exploitation, sometimes as a result of human trafficking, and in the sale and distribution of drugs. (1-4) Table 1 provides key indicators on children's work and education in Saint Lucia.

Table 1. Statistics on Children's Work and Education

Children	Age	Percent
Working (% and population)	5 to 14	7.5 (2,017)
Attending School (%)	5 to 14	99.7
Combining Work and School (%)	7 to 14	8.2
Primary Completion Rate (%)		94.9

Source for primary completion rate: Data from 2018, published by UNESCO Institute for Statistics, 2020. (5)

Source for all other data: International Labor Organization's analysis of statistics from Multiple Indicator Cluster Survey 4, 2012. (6)

Based on a review of available information, Table 2 provides an overview of children's work by sector and activity.

Table 2. Overview of Children's Work by Sector and Activity

Sector/Industry	Activity

Categorical Worst Forms of Child Labor‡	Commercial sexual exploitation, sometimes as a result of human trafficking (1-3)
	Use in illicit activities, including in the sale and distribution of drugs (1,2)

‡ Child labor understood as the worst forms of child labor *per se* under Article 3(a)–(c) of ILO C. 182.

Saint Lucia lacks detailed data on the extent of child labor in the country. A rapid assessment conducted by the ILO in 2016 revealed limited evidence that children engage in commercial sexual exploitation, sometimes in exchange for rides, clothing, or cell phones, or with the knowledge or encouragement of parents in situations of financial need. (1-4) Local and foreign children are also subjected to human trafficking for the purpose of commercial sexual exploitation, including by parents and caregivers. (2,3) Limited evidence also suggests that children are used to transport and sell drugs. (1,2,4)

All children in Saint Lucia are entitled to free public education. However, violence in schools, some gang-related, may hinder some children from attending. (7) Children who do not attend school are vulnerable to engaging in child labor.

II. LEGAL FRAMEWORK FOR CHILD LABOR

Saint Lucia has ratified most key international conventions concerning child labor (Table 3).

Table 3. Ratification of International Conventions on Child Labor

 UN CRC	✓
UN CRC Optional Protocol on Armed Conflict	✓
UN CRC Optional Protocol on the Sale of Children, Child Prostitution and Child Pornography	✓
 Palermo Protocol on Trafficking in Persons	✓

The government has established laws and regulations related to child labor (Table 4). However, gaps exist in Saint Lucia's legal framework to adequately protect children from the worst forms of child labor, including the prohibition of commercial sexual exploitation of children and the use of children in illicit activities.

Table 4. Laws and Regulations on Child Labor

* No conscription (14)

† No standing military (14)

In 2019, the government drafted an amendment to the 2010 Counter Trafficking Act to ensure penalties are commensurate with penalties of other serious crimes. The amendment has been submitted for Parliament's approval. (15)

Saint Lucia has not determined by national law or regulation the types of hazardous work prohibited for children. (8) Although the Criminal Code prohibits the use of children in some illicit activities, such as street work, the use, procurement, or offering of children for the production and trafficking of drugs is not criminally prohibited. (12) Moreover, forced labor is only criminally prohibited if it results from human trafficking, and the use or offering of children for commercial sexual exploitation is not criminally prohibited. (8,10,12)

III. ENFORCEMENT OF LAWS ON CHILD LABOR

The government has established institutional mechanisms for the enforcement of laws and regulations on child labor (Table 5). However, gaps exist within the authority of the Ministry of Infrastructure, Ports, Energy and Labor that may hinder adequate enforcement of their child labor laws.

Table 5. Agencies Responsible for Child Labor Law Enforcement

Organization/Agency	Role
Ministry of Infrastructure, Ports, Energy and Labor	Enforces laws on child labor through labor inspections conducted by its Department of Labor. (2)
Royal Saint Lucia Police Force	Enforces criminal laws related to the worst forms of child labor. (2) Through its Vulnerable Persons Unit, in collaboration with the Division of Human Services, investigates cases of child labor, abuse, and neglect. The Vulnerable Persons Unit consists of 2 units of 12 officers each and leads in the enforcement of child labor laws. (2,4) Uses a specific manual to investigate crimes related to children. (2)
Ministry of Home Affairs, Justice, and National Security	Coordinates and leads anti-human trafficking efforts among various ministries. (16,17)
Human Services Department	Leads efforts related to child care, protection, and adoption as mandated in the 2018 Child Care, Protection, and Adoption Bill. (7,18) Located within the Ministry of Equity. (7)

Labor Law Enforcement

In 2019, labor law enforcement agencies in Saint Lucia took actions to combat child labor (Table 6). However, gaps exist within the authority of the Ministry of Infrastructure, Ports, Energy and Labor that may hinder adequate labor law enforcement, including penalty assessment authorization.

Table 6. Labor Law Enforcement Efforts Related to Child Labor

Although inspectors look for child labor and forced labor violations during all conducted inspections, reports indicate that insufficient funding may hamper the labor inspectorate's capacity to enforce child labor laws in all relevant sectors, especially in communities in which children are vulnerable to commercial sexual exploitation. (2) Inspectors can make recommendations to the Labor Commissioner, but cannot assess penalties, and furthermore existing penalties are insufficient to deter employers from committing child labor violations. (4,20)

Criminal Law Enforcement

In 2019, criminal law enforcement agencies in Saint Lucia took actions to combat child labor (Table 7). However, gaps exist within the operations of the criminal enforcement agencies that may hinder adequate criminal law enforcement, including insufficient resources.

In August and November 2019, criminal law enforcement officers received training on the use of the newly implemented human trafficking case management system coordinated by the Ministry of Home Affairs, National Security, and Justice. (21) In addition, the government finalized a comprehensive standard operating procedure for human trafficking victim identification, protection, and referral, which police officers have begun using as a uniform guide. Police officers also received training on human trafficking victim identification and protection procedures, and a trafficking in persons hotline, which operates 24 hours a day in the Police Control Room, was launched during the reporting period. (21)

However, insufficient resources, including funding, transportation, and equipment, hamper police capacity to enforce child labor laws. (4,22) The judicial system within the Ministry of Home Affairs, National Security, and Justice also has a backlog of cases and lacks the personnel and resources needed to address these issues. (23)

IV. COORDINATION OF GOVERNMENT EFFORTS ON CHILD LABOR

The government has established mechanisms to coordinate its efforts to address child labor (Table 8).

Table 8. Key Mechanisms to Coordinate Government Efforts on Child Labor

Coordinating Body	Role & Description
Ministry of Education, Innovation, Gender Relations, and Sustainable Development	Coordinate investigations of child labor cases and ensure the use of established protocols in collaboration with the Royal Saint Lucia Police. (22) Active in 2019. (2)
Trafficking in Persons Task Force	Coordinates the identification and referral of human trafficking cases among law enforcement, social services, and immigration officials under the Counter-Trafficking Act. Includes public servants, representatives from the Department of Labor, police, and victim-service NGOs. (11,24) In 2019, the Task Force's mandate was reauthorized, and it coordinated anti-trafficking efforts and conducted trainings and awareness-raising campaigns. (2,21)
Office of Gender Relations	Provides referrals to human trafficking victims for health, advocacy, crisis, and legal services. (25) Active in 2019. (2)

V. GOVERNMENT POLICIES ON CHILD LABOR

The government has established policies related to child labor (Table 9). However, policy gaps exist that hinder efforts to address child labor, including no evidence of a policy regarding other worst forms of child labor beyond the government's policy related to trafficking in persons.

Table 9. Key Policies Related to Child Labor

Policy	Description
National Action Plan to Combat Trafficking in Persons (2016–2019)	Identified the strategic goals and objectives for combating human trafficking, and the means to achieve them. Established the coordination of counter-trafficking measures and the adequate cooperation between all actors through the National Framework for Combating Trafficking in Persons. (2,4,26) Active in 2019. (2)
National Social Protection Policy (2014–2024)	Established a social protection policy in Phase I (2014–2019) by consolidating the Social Safety Net programs. In Phase II (2019–2024), will implement wider reforms for creating a coherent social protection policy. (4) Child protection policies are incorporated into poverty reduction concepts and promote access to education. (22,27) Research was unable to determine whether activities were undertaken to implement this policy during the reporting period.

Research did not reveal policies addressing other worst forms of child labor, including commercial sexual exploitation, aside from human trafficking.

VI. SOCIAL PROGRAMS TO ADDRESS CHILD LABOR

In 2019, the government funded and participated in programs that may contribute to eliminating or preventing child labor (Table 10). However, gaps exist in these social programs, including funding and adequacy of programs to address the full scope of the problem.

Table 10. Key Social Programs to Address Child Labor

Program	Description
Educational Programs†	Programs focused on increasing school attendance and promoting access to education. Includes the Saint Lucia Social Development Fund and Public Assistance Program, which fosters school attendance; the Community Empowerment's After School Program, which aims to improve academic performance and maintain school attendance of children ages 8 to 16; the Upton Garden Girls Center, which provides education, training, and self-development opportunities to teenage girls; the Center for Adolescent Renewal and Education, which provides second-chance education, training, and self-development services to adolescents; the Boys Training Center, which supports boys ages 10 to 18 who have come in contact with the law or require care and protection; and the <i>Koudmen Sent Lisi</i> program, which funds textbook rentals, a book bursary that reimburses students for textbooks, a school feeding program, and a transportation subsidy program at most secondary schools. (16) All programs were active in 2019. (2)
Building the Capacity of the Government of Saint Lucia and Promoting Awareness of Counter-Trafficking‡	\$105,000 government-funded, 2-year public awareness project to counter human trafficking; led by the Trafficking in Persons Task Force. Focuses on running radio and television announcements, printing posters and brochures, and maintaining a Facebook page to ensure a growing media and social media presence on human trafficking. (21) In 2019, the government assumed full financial support for this program from the IOM. (21)

† Program is funded by the Government of Saint Lucia.

‡ The government had other social programs that may have included the goal of eliminating or preventing child labor. (7,28)

Research found no evidence of any programs with the specific goal of eliminating or preventing child labor, including its worst forms. In addition, overall funding for social programs remains a concern because it does not meet the needs of all children in the country, especially children subjected to human trafficking and those engaged in illicit activities, and funding is highly dependent on foreign assistance. (16,19)

VII. SUGGESTED GOVERNMENT ACTIONS TO ELIMINATE CHILD LABOR

Based on the reporting above, suggested actions are identified that would advance the elimination of child labor in Saint Lucia (Table 11).
